Thank you for this mail. Since the issue raised is serious, we can address it only if there are some firm proofs of the charges made.

A FIR regd with the Mylapore Police?  
A written note given to the Head of R K Math, Mylapore.

These may be a few proofs for us to look at

To all those donating to RK Mutt,

I would like someone to reach out to those in RK Mutt for an explanation of the murder attempts for money..

Many swamijis had accumulated huge wealth in rooms and bathrooms from many foreigners and tortured them.

Now, all those who are misusing God for doing business there....., kindly explain.

I luckily escaped and now remotely trying to find out what these power driven idiots from RK Mutt are after. Can they live without the money stolen from others and start begging on the streets as per the puranas? Can the beggars on the street and girls needing protection in front stay inside? They are still running away and hiding, when an enquiry was made. Attached is an evidence. I request the school authorities or the police or nearby press to take action immediately and shut them down after returning lakhs of money stolen from Thangeswari during 2011-2014 and many others.

They do the theft through illegal pujas.

Kindly request one of you to enquire and stop donating and reveal the wealth accumulated by RK Mutt over many many years and shut them down as soon as possible.

They attempted to murder me and stole all my money when I was dying after their murder attempt in 2014 and I need my money back.

When went in person, many times, they laughed at my pain which started after their murder attempt and rebuked, thinking God is not there.

Please note that all those fools calling themselves God or scholars are losing their health and eyesight early and cannot escape ICU or death. These orange clad criminals merely trying to misuse common innocent people to live like parasites on others hard work and those who support such wicked are tortured by real God. Let them run and groan in pain for eternity when Kali will wear their heads as Her garland. (including those who support these wicked)

One example was a silly mataji gurupriyananda who murdered her master Yogeshwarananda in Coonoor. And RK Mutt in Chennai and Ooty swamijis and swaminis always groaning in pain without sleep by trying to use the space as a resort center for free.
